Thank you for Saturday! The chef just got in the kitchen and got on with it all without any hassle and very few questions. The lovely hostess was also great managing to circulate really well so nobody was left without food. The timing of everything was spot on. The variety was fabulous. Quantities spot on. Everyone was complimenting how fantastic the food was!

We had a fabulous day and it was great having the stress of the food being taken completely out of our hands and the kitchen was left tidy as well! We would certainly use you again for further functions.

I just wanted to let you know how impressed everyone was with yesterday's Chairman Circle breakfast. We received much feedback from the guests and also our senior management on the service provided by your team. The food was delicious, of a high quality and was really well presented. Thank you especially for your superb effort in decorating the table, it looked beautiful and definitely added extra class to the morning. We also really appreciate the extra effort the girls made by wearing their hats, and we received several impressed comments from the guests.

Please pass my thanks on to all those involved in this function. You all did a wonderful job. Looking forward to working with you again soon.

We had a great evening!

Simon was terrific – extremely professional, incredibly well organized and very tidy. It was a pleasure to have him in our home cooking for our friends.

The food was just wonderful – we have had so many compliments along the lines that it was the best party food many had eaten – it was fresh, light and healthy and you had obviously used quality ingredients.

I really look forward to being able to use you again in the future and we made sure that your business cards were easy for the guests to see and take home!!

I just wanted to take this opportunity to say how brilliant everything went on Saturday Night. The food was amazing & your staff were just a delight (hang onto them, priceless people that they are!!!)

I couldn't of asked for things to have run any more smoothly than they did!!

And the way they left my kitchen....absolutely spotless & much appreciated!

Hope you get some business out of it, everyone loved the food & I will shout your name whenever anyone needs!!
